

Apprentice Service Engineers

We currently have vacancies across the Group for the following depots:

Doncaster, Manchester, Ipswich, Birmingham, Corby, Nottingham, Hull, Scotland, Melksham (Bristol)

JOB PURPOSE:

To undertake training in the form of a modern apprenticeship leading to a recognised qualification in the industry. This training will include attending North Warwickshire & Hinckley College for approximately 10 weeks a year and in-house training courses / manufacturer courses. You will also be hands on within the local workshop / site gaining knowledge and experience in all the functions listed under the key responsibilities section.

Skills required by apprentice:

The ideal candidate will have a good problem-solving ability, be willing to work as part of a team as well as using their own initiative and be flexible and adaptable. Most importantly the apprentice must be willing, hardworking, practical, and striving for a career in our industry.

Qualifications required by apprentice:

It is more important that the company get the right person for this role rather than qualifications alone. However, a good level of education especially in Maths and English would be advantageous and 5 A to C grades would be desirable.

Personal qualities desired in apprentice:

Motivated, enthusiastic, 'can do' attitude and a mechanical aptitude.

Training to be provided:

Apprentices will complete a level 3 apprenticeship in Lift truck and powered access engineering.

CORE ACTIVITIES:

- To work alongside a service engineer mentor learning all aspects of the servicing and repair of materials handling equipment.
- To attend North Warwickshire & Hinckley College for approximately 10 weeks per year, ensuring that your behaviour at all times presents a good image of Impact Handling.
- To complete all college course work on a timely basis.
- To attend any in house training courses that may be arranged and complete any work that arises from this in a timely manner.
- To adhere to the company dress code whilst at work, attending training courses and college.
- To ensure that you wear appropriate PPE (Personal Protective Equipment) e.g., Safety Footwear, Safety Glasses/Eye Protectors etc. as required by Company Procedures.
- To complete all company documentation e.g., Daily Timesheets, Service and Job Sheets on a timely basis.
- To adhere to all company guidelines, Health & Safety and Quality procedures, working safely at all times.

- To carry out all service work as requested by the Company, this will initially be carried out in the Depot Workshop facility but may include working on customer's premises, under supervision, as your apprenticeship progresses.
- Ensure that your work area is kept clean and tidy and that any Company facility, including canteen and toilets are used responsibly.

IMPACT

- To look after and use responsibly any Company assets such as Machinery, Tools, etc.
- To perform any other reasonable duties that may be required from time to time within the scope of your knowledge, skills, and ability.

If you believe you have the necessary skills to fulfil this role please send a copy of your current CV and covering letter to careers@impact-handling.com

Closing Date: Friday 16th July 2021
