Company – Field Service Engineer - Materials Handling

Established in 1985, Impact Handling has grown to become one of the leading providers of material handling equipment in the UK. Offering only the very best, carefully chosen equipment ranges each specified to deliver what we believe is the best value for money currently available.

Our nationwide network has expanded with us and we are now proud to support our customers with strategically placed depots right across the country.

Values - Field Service Engineer - Materials Handling

At Impact Handling our people are our most valuable asset, we are proud to recruit and train the very best in the forklift industry. Equipping them with the skills and knowledge necessary to ensure that, no matter what our customers' need, they can handle it. Our values are:

- Empowerment
- Integrity
- Pride
- Teamwork
- Respect
- Health and Safety

Position - Field Service Engineer - Materials Handling

Impact Handling are actively recruiting for a field service engineer to work within a busy area, you will report into your local service manager and will ideally have experience working with materials handling equipment or similar.

You will be responsible for accurately diagnosing faults with machinery, servicing and emergency repairs. A typical day will consist of working on both customer and Impact Handling owned machines to ensure they are in full working order.

We can handle it.
