Company – National Parts Manager - Materials Handling

Established in 1985, Impact Handling has grown to become one of the leading providers of material handling equipment in the UK. Offering only the very best, carefully chosen equipment ranges each specified to deliver what we believe is the best value for money currently available.

Our nationwide network has expanded with us and we are now proud to support our customers with strategically placed depots right across the country.

Values - National Parts Manager - Materials Handling

At Impact Handling our people are our most valuable asset, we are proud to recruit and train the very best in the forklift industry. Equipping them with the skills and knowledge necessary to ensure that, no matter what our customers' need, they can handle it. Our values are:

- Empowerment
- Integrity
- Pride
- Teamwork
- Respect
- Health and Safety

Position - National Parts Manager - Materials Handling

Impact Handling are actively recruiting for a National Parts Manager, this is a senior position within the operations team and supports a number of companies within the group. The parts manager will take control of a number of key areas relating to the supply of parts, these include: Sales/forecasting, warehousing and stock as well as Supply chain and procurement.

This is a key role and you will be responsible for the ongoing commercial and operational management of the parts function. We require somebody who has a good commercial outlook as well as operational understanding to drive this side of the business forward.

We can handle it.
